Thank you Jay. Can you please provide me with a little more detail on what you would like to discuss so that I can be prepared with the attendees? If the purpose of the meeting is for technical details, then I would like our contractors to be present. If you would like to discuss the idea of an interim action or the CPG's proposal, then I may not require them to be there.

Would you like to meet in the Edison office again?

Thanks
Diane

The week of the 19th does not work, how about March 29th?

I am still working with our attorneys for the second question, so far we have not shared anything.

Diane, DEP is available to meet and to discuss CPG's Interim Remedy for RM 17 the week of March 19th (except Wednesday, March 21).

Also, Will the EPA share NJDEP's comments to CSTAG/USEPA (dated 2/13/2018) on the CPG's Interim Remedy with the Partner Agencies (NOAA, USFWS, USACE) and the CAG?
